Muhammed Mubashir MK

mubumubashir594@gmail.com +918848242824

SUMMARY

Final-year BCA student and aspiring Full Stack Developer with a strong foundation in programming and web technologies. Skilled in Python, JavaScript, and basic front-end development, with hands-on experience building applications using modern tools and AI-assisted development. Familiar with data analysis, REST APIs, and database concepts. Eager to contribute, learn, and grow in a professional software development environment.

EXPERIENCE

Python & AI Intern

Asquare Technologies **1 Month, Ernakulam**

- Performed data analysis using Python libraries
- Gained exposure to machine learning concepts

PROJECT

AI-Based Crime Investigation & Face Recognition System

Final Year Project • January 2026 - February 2026

- Developed an AI-based crime investigation system using OpenCV and FaceNet for real-time face recognition and suspect identification.
- Built a full-stack application with React and Django to manage criminal records, generate alerts, and enable efficient data retrieval.

EDUCATION

Bachelor Of Computer Application (BCA)

Sree Narayana Guru College • Coimbatore • 2026

Higher Secondary

MES HSS • Mannarkkad, Kerala • 2023

CERTIFICATIONS

Artificial Intelligence Certification

STED Council (via JB International Skill Park) • 2026

Cybersecurity Certification

STED Council (via JB International Skill Park) • 2025

AWS Cloud Computing Certification

STED Council (via JB International Skill Park) • 2024

SKILLS

Programming Languages: JavaScript, Python

Development: React.js, React (Basic), HTML, CSS

Tools: Git, GitHub, Figma, AWS (EC2, S3)
